

ÉTAPES DE MONTAGE A + B + C + D

Combination A + B + C + D

Frame installation

S1 X24

S2 X24

N1 X6

N2 X6

FRANCAIS

Glissez les caches **N1** sur les poteaux **A1**, **A2** et **A3**, en alignant l'ouverture demi-lune présente en bas des poteaux avec l'ouverture présente sur les caches platines.

Puis fixez la platine **N2** avec les vis **S2** à l'aide d'une visseuse et de l'embout **Z2** ou de la clé Allen **Z1**.

Insérez les poutres **B2** dans les poteaux **A1** et **A2**. Pour la fixation utiliser deux vis **S1** de chaque côté, aidez-vous de l'embout de visseuse **Z4** ou de la clé allen **Z3**.

ENGLISH

Slide the **N1** covers onto the **A1**, **A2** and **A3** posts, aligning the half-moon opening at the bottom of the posts with the opening on the cover plates.

Then fix the **N2** plate with **S2** screws, using a screwdriver and **Z2** bit or **Z1** allen key.

Insert beams **B2** into posts **A1** and **A2**. To fasten, use two **S1** screws on each side, using the **Z4** screwdriver bit or **Z3** allen key.

SPANISH

Deslice las placas de cubierta **N1** sobre los postes **A1**, **A2** y **A3**, alineando la abertura en forma de media luna de la parte inferior de los postes con la abertura de las placas de cubierta.

A continuación, fije la placa **N2** con los tornillos **S2** utilizando un destornillador y la broca **Z2** o la llave Allen **Z1**.

Inserte las vigas **B2** en los postes **A1** y **A2**. Para fijarlos, utilice dos tornillos **S1** a cada lado, utilizando la broca destornillador **Z4** o la llave Allen **Z3**.

ITALIANO

Far scorrere le piastre di copertura **N1** sui montanti **A1**, **A2** e **A3**, allineando l'apertura a mezzaluna sul fondo dei montanti con l'apertura sulle piastre di copertura.

Fissare quindi la piastra **N2** con le viti **S2** utilizzando un cacciavite e la punta **Z2** o la chiave a brugola **Z1**.

Inserire le travi **B2** nei montanti **A1** e **A2**. Per il fissaggio, utilizzare due viti **S1** su ciascun lato, utilizzando la punta del cacciavite **Z4** o la chiave a brugola **Z3**.

Combination A + B + C + D

Frame installation

FRANCAIS

Insérez la poutre **B3** sur les poteaux **A1** et **A2**, pour la fixation utilisez deux vis **S1** de chaque côté, aidez-vous de l'embout de visseuse **Z4** ou de la clé allen **Z3**.

A l'aide de 2/3 personnes, insérez les poutres **B1** sur les poteaux **A1** et **A2**. Pour la fixation utilisez deux vis **S1** de chaque côté, aidez-vous de l'embout de visseuse **Z4** ou de la clé allen **Z3**. Ajoutez les caches **P1**.

ENGLISH

Insert beam **B3** on posts **A1** and **A2**, securing with two **S1** screws on each side, using the **Z4** screwdriver bit or **Z3** allen key.

With the help of 2/3 people, insert beams **B1** onto posts **A1** and **A2**. Fasten with two **S1** screws on each side, using the **Z4** screwdriver bit or **Z3** allen key. Add the **P1** covers.

SPANISH

Inserte la viga **B3** en los postes **A1** y **A2**, utilizando dos tornillos **S1** a cada lado para fijarla. Utilice la punta de destornillador **Z4** o la llave Allen **Z3**.

Con la ayuda de 2/3 personas, inserte las vigas **B1** en los postes **A1** y **A2**. Para fijarlo, utilice dos tornillos **S1** a cada lado, utilizando la broca destornilladora **Z4** o la llave Allen **Z3**. Añada las tapas **P1**.

ITALIANO

Inserire la trave **B3** sui montanti **A1** e **A2**, fissandola con due viti **S1** per lato. Utilizzare la punta del cacciavite **Z4** o la chiave a brugola **Z3**.

Con l'aiuto di 2/3 persone, inserire le travi **B1** sui montanti **A1** e **A2**. Per il fissaggio, utilizzare due viti **S1** su ciascun lato, utilizzando la punta del cacciavite **Z4** o la chiave a brugola **Z3**. Aggiungere le coperture **P1**.

Combination A + B + C + D

Installation of the roof

FRANCAIS

Insérez les poutres **E1** dans les poteaux **A2** et le poteau **A3**. Puis Insérez la poutre **E2** et **E3**. Référez-vous au schéma.

Pour la fixation utilisez le tube de colle **Z7**. Fixez les platines appropriées à chaque intersection de poutres, comme indiqué sur le schéma. Utilisez pour la fixation les vis **S3** et l'embout de visseuse **Z6**.

ENGLISH

Insert beams **E1** into posts **A2** and **A3**. Then insert beams **E2** and **E3**. Refer to the diagram.

Use the **Z7** glue tube for fastening. Fix the appropriate plates at each beam intersection, as shown in the diagram. To fasten, use **S3** screws and **Z6** screwdriver bits.

SPANISH

Inserte las vigas **E1** en las columnas **A2** y **A3**. A continuación, inserte las vigas **E2** y **E3**. Consulte el diagrama.

Utilice un tubo de cola **Z7** para la fijación. Fije las placas apropiadas en cada intersección de vigas, como se muestra en el diagrama. Utilice tornillos **S3** y un destornillador **Z6** para la fijación.

ITALIANO

Inserire le travi **E1** nelle colonne **A2** e **A3**. Quindi inserire le travi **E2** ed **E3**. Fare riferimento al diagramma.

Per il fissaggio, utilizzare un tubetto di colla **Z7**. Fissare le piastre appropriate a ogni intersezione di travi, come indicato nel diagramma. Per il fissaggio, utilizzare le viti **S3** e la punta del cacciavite **Z6**.

Combination A + B + C + D

Installation of the roof

FRANCAIS

Emboitez les différents panneaux entre eux en commençant par le **W2** puis par les **W1**. Réaliser l'opération sur les deux parties de la structure. Puis, pour la partie annexe emboitez les panneaux **W3** et **W1**.

Insérez sur chaque longueur les pièces **F1** et **F2** afin de maintenir les panneaux correctement. Procédez à la fixation, comme indiqué sur le schéma. Positionner la pièce **P2** et insérer les vis **S4**, comme indiqué sur le schéma (logo ).

ENGLISH

Fit the various panels together, starting with **W2** and then **W1**. Repeat the operation on both parts of the structure. Then, for the annex, fit the **W3** and **W1** panels together.

Inserting **F1** and **F2** pieces along each length to hold the panels in place. Fasten as shown in the diagram. Position part **P2** and insert screws **S4**.

SPANISH

Encaje los diferentes paneles, empezando por **W2** y luego por **W1**. Realice esta operación en las dos partes de la estructura. A continuación, para el anexo, encaje los paneles **W3** y **W1**.

Insertando las piezas **F1** y **F2** a lo largo de cada longitud para sujetar los paneles. Fíjelos como se indica en el esquema. Coloque la pieza **P2** e inserte los tornillos **S4**.

ITALIANO

Incastrare i diversi pannelli, iniziando da **W2** e poi da **W1**. Eseguire questa operazione su entrambe le parti della struttura. Quindi, per l'annesso, incastrare i pannelli **W3** e **W1**.

Inserendo i pezzi **F1** e **F2** su ogni lunghezza per tenere i pannelli in posizione. Fissare come indicato in figura. Posizionare il pezzo **P2** e inserire le viti **S4**.

Combination A + B + C + D

Fixed roof

Combination A + B + C + D

Fixed frame

FRANCAIS

Terminez la fixation des panneaux entre eux à l'aide des pièces **P2** et des vis **S3** aux endroits indiqué sur le schéma.

Terminez l'installation de votre structure en la fixant sur un sol dur et plat en béton, avec les chevilles à expansion **S6** à l'aide d'un perforateur et d'un foret 12mm (non fourni).

ENGLISH

Complete the panel fixation with the **P2** pieces and the **S3** screws at the points indicated in the diagram.

Complete the installation of your structure by fixing it on a hard and flat concrete floor, with the **S6** expansion dowels using a rotary hammer and a 12mm drill bit (not supplied).

SPANISH

Termine de fijar los paneles entre sí utilizando los tornillos **P2** y **S3** en los puntos indicados en el diagrama.

Termine la instalación de su estructura fijándola a un suelo de hormigón duro y plano, utilizando tacos de expansión **S6** y un taladro. Utilizando un taladro y una broca de 12 mm (no suministrada).

ITALIANO

Terminare il fissaggio dei pannelli tra loro utilizzando i pezzi **P2** e le viti **S3** nei punti indicati sullo schema.

Terminare l'installazione della vostra struttura fissandola su un terreno duro e piano in cemento, utilizzando i tasselli a espansione **S6** con l'aiuto di un trapano a percussione e una punta da 12 mm (non forniti).
